1 Introduction

This is a minimal custom template demonstrating OmniLaTeX customization capabilities. Notice the sans-serif font, single line spacing, and minimal paragraph/item spacing.

1.1 Text Formatting

Basic text with **bold**, *italic*, and monospace fonts. Unicode support: $\alpha\beta\gamma$, $\square\square\square$, $\forall\exists\in\ni$.

1.2 Customizations Demonstrated

This document uses several customization commands:

- Sans-serif font mode
- Single line spacing
- No paragraph spacing
- No item spacing

1.3 Code Example

```
1 def hello_custom():  
    """Minimal custom function"""  
    return "Hello, customized world!"
```
