0.1 Field of the Invention

Describe the technical field to which the invention relates.

0.2 Background of the Invention

Discuss the prior art and existing solutions, highlighting their limitations.

0.3 Summary of the Invention

Provide a brief summary of the invention and its advantages over the prior art.

0.4 Brief Description of the Drawings

List and briefly describe each drawing or figure referenced in the specification.

0.5 Detailed Description

Describe the invention in detail, including preferred embodiments and examples. Reference the drawings where appropriate.

0.5.1 Embodiment 1

Describe the first preferred embodiment.

0.5.2 Embodiment 2

Describe an alternative embodiment.

0.6 Claims

Define the scope of protection sought.

0.6.1 Independent Claim 1

A method comprising the steps of ...

0.6.2 Dependent Claim 2

The method of claim 1, further comprising ...

0.7 Abstract

Provide a concise summary of the technical disclosure.
